"You Look Great!": Strategies for Living Inside a Brain Injury John C. Byler

"You Look Great!" presents The TBI Recovery Model, an interdisciplinary approach to recovering from a brain injury. The model's two checklists – Medical and Rehabilitation – help doctors and case managers answer the question, "Why do I feel so terrible all the time?" The book describes the role of each major medical and rehabilitation professional that should be considered as a referral to the TBI Recovery Team. With its personal narratives and strategy-session highlights with world-class specialists, "You Look Great!" narrows the gap between patients and the professionals who work with them; between patients and the caregivers and loved ones who live with them. The book is stocked with professional viewpoints, personal narratives and case studies, showcasing the clinical and very personal aspects of the brain-injury recovery process.
