The Mormon Delusion: Discarded Doctrines and Nonsense Revelations (Volume 3) Jim Whitefield

This is the third in a series of books exposing the truth behind Mormonism. In this volume, we review doctrines that have been discarded. To early Mormons, Adam was God and blood atonement was a stark reality. These were accepted doctrines which survived for several decades throughout the leadership of several successive prophets. Today, the Church denies they even existed. The origin of the Mormon temple ceremony is established and explained. An analysis of changes over the years shows that the rites now enacted bear no resemblance to the original ceremonies Joseph Smith lifted from late eighteenth century Masonic ritual, claiming they were restored from the time of Solomon. The psychology of a Mormon testimony is explored and explained. Sections of the Doctrine and Covenants are exposed as completely unfulfilled nonsense that Mormons simply cannot see through as long as blind faith precludes rational thinking.
