Building a Small Cable Suspension Bridge: with the Cable Locking System

Marvin A. Denmark

Building a Small Cable Suspension Bridge: with the Cable Locking System Marvin A. Denmark

Marvin Denmark, a builder and craftsman with 45+ years of experience, demonstrates the process he used to design and construct a small cable suspension bridge. This book includes some suspension bridge history along with engineering considerations, then explains and illustrates with diagrams and full-color photos the step by step process that was used to complete the project. His blog, **wildcatman.wordpress.com**, has excerpts from the book, a new cable locking system design, and a recent price list for parts for his bridge. A trailer for the cable locking system including video of the bridge building process is here:

<http://www.youtube.com/watch?v=cLXrzC9K5wQ>

Anyone who is looking for ideas for a footbridge that is relatively easy to build without the use of heavy equipment or difficult to replace components may benefit from the design in this book and by using the patented "cable locking system."
