A Tradecraft Primer: Structured Analytic Techniques for Improving Intelligence Analysis Center For The Study Of Intelligence

This primer highlights structured analytic techniques—some widely used in the private sector and academia, some unique to the intelligence profession. It is not a comprehensive overview of how intelligence officers conduct analysis. Rather, the primer highlights how structured analytic techniques can help one challenge judgments, identify mental mindsets, stimulate creativity, and manage uncertainty. In short, incorporating regular use of techniques such as these can enable one to structure thinking for wrestling with difficult questions. Originally published by the Cia in color. Previously available online only as an e-file.
