You Don't Know JS: Up & Going Kyle Simpson

It's easy to learn parts of JavaScript, but much harder to learn it completely—or even *sufficiently*—whether you're new to the language or have used it for years. With the "You Don't Know JS" book series, you'll get a more complete understanding of JavaScript, including trickier parts of the language that many experienced JavaScript programmers simply avoid.

The series' first book, *Up & Going*, provides the necessary background for those of you with limited programming experience. By learning the basic building blocks of programming, as well as JavaScript's core mechanisms, you'll be prepared to dive into the other, more in-depth books in the series—and be well on your way toward true JavaScript.

With this book you will:

- Learn the essential programming building blocks, including operators, types, variables, conditionals, loops, and functions
- Become familiar with JavaScript's core mechanisms such as values, function closures, *this*, and prototypes
- Get an overview of other books in the series—and learn why it's important to understand *all* parts of JavaScript

From reader reviews:

Kristen Self:

Do you among people who can't read pleasurable if the sentence chained inside the straightway, hold on guys that aren't like that. This You Don't Know JS: Up & Going book is readable simply by you who hate those straight word style. You will find the data here are arrange for enjoyable examining experience without leaving even decrease the knowledge that want to deliver to you. The writer regarding You Don't Know JS: Up & Going content conveys prospect easily to understand by most people. The printed and e-book are not different in the written content but it just different such as it. So , do you still thinking You Don't Know JS: Up & Going is not loveable to be your top checklist reading book?

Carlee Smith:

Nowadays reading books become more than want or need but also turn into a life style. This reading practice give you lot of advantages. The huge benefits you got of course the knowledge even the information inside the book which improve your knowledge and information. The data you get based on what kind of publication you read, if you want drive more knowledge just go with education books but if you want really feel happy read one having theme for entertaining such as comic or novel. The particular You Don't Know JS: Up & Going is kind of publication which is giving the reader unpredictable experience.

Grace Harrell:

As a student exactly feel bored to help reading. If their teacher requested them to go to the library or make summary for some e-book, they are complained. Just tiny students that has reading's heart or real their hobby. They just do what the trainer want, like asked to the library. They go to at this time there but nothing reading critically. Any students feel that examining is not important, boring along with can't see colorful pictures on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore this You Don't Know JS: Up & Going can make you feel more interested to read.

Janice Hayes:

Reading a book make you to get more knowledge as a result. You can take knowledge and information from your book. Book is written or printed or illustrated from each source which filled update of news. With this modern era like at this point, many ways to get information are available for an individual. From media social including newspaper, magazines, science e-book, encyclopedia, reference book, novel and comic. You can add your knowledge by that book. Are you hip to spend your spare time to spread out your book? Or just looking for the You Don't Know JS: Up & Going when you desired it?
