Managing Information in Higher Education: New Directions for Institutional Research #55 (J-B IR Single Issue Institutional Research) E. Michael Staman

Managing information in higher education need not be a labyrinthine an uncertain adventure. The material in this volume has been organized to take the reader from foundations to delivery mechanisms, impacts, and policy issues. The volume describes many of the key elements in the development of an information management program and the policies an procedures that must be in place if the program is to be successful and sustainable over time. This is the 55th issue of *New Directions for Institutional Research*.
