**He's the USA's hybrid weapon and all he knows is war and fighting, but can an unappreciated beauty in a small town really teach him how to love?**

Alexander256 is a 'Mal, the common name given to humans bred specifically with bears for the controversial 'Artificial Government Military Program'. They're made to fight alongside their full-blooded counterparts, but for Christmas he and his fellow bear Marines have been posted to the snowy town of Wild Creek to await further instructions. Their objective was always to stay low and keep their heads down, but Alexander hadn't planned on saving red-haired beauty Rebecca and he certainly hadn't anticipated the deep, uncontrollable feelings he'd develop for her or the tragic consequences that would follow putting the lives of both her and his squad in jeopardy.

Rebecca knows that the unexpected arrival of AGMs in her small town can only mean one thing, trouble. Trapped in a relationship with a man who she despises, she finds herself pushed closer to the stranded Marines and into Alexander's arms, but her forbidden romance spirals out of control when it triggers a dangerous series of events that results in their lives becoming entwined forever.

Inspired by the timeless classic Westside Story, can Love survive through adversity?

**My Bear Marine is a 32,000 word standalone paranormal romance with no cliff-hanger.**

\*\*\*Bonus Terra Wolf's 'I'll Be Bear for You' at the end of this book.\*\*\*
