The Cleveland Clinic Intensive Review of Pediatrics

The Cleveland Clinic Intensive Review of Pediatrics focuses specifically on preparation for the American Board of Pediatrics certification and recertification exams. It is written primarily by distinguished Cleveland Clinic faculty who conduct the Cleveland Clinic Foundation's successful and popular annual Pediatric Board Review Symposium.

The book is organized into subspecialty sections, each of which ends with a board simulation chapter. Chapters include numerous bulleted lists, tables, and illustrations. Two mock board exams appear at the end of the book. This edition has five new chapters and a new two-color design.

A companion Website will offer the fully searchable text, an image bank, and 150 online-only questions with answers.
