365 Cars You Must Drive Matt Stone, John Matras

What began as a solution for transportation has evolved into a desire for speed, luxury, personal expression, and freedom. For many, the thrill of the drive has eclipsed the pure utility of the automobile. And the pursuit of that thrill is the driving force behind *365 Cars You Must Drive*. From the Ford Model T to the Porsche Carrera GT, there are certain cars that any self-respecting auto enthusiast just has to know—and experience from the driver's seat.

With homage to the greatest cars and good-natured mockery of the strangest, authors Matt Stone and John Matras detail which cars to drive and why, how to get behind the wheel, where to drive them, and who to invite along for the ride. Each entry contains a colorful spec box noting the car's claim to fame, a Did You Know? factoid, the author's clever suggestions for "The Perfect Passenger" and the "Soundtrack" coming out of the speakers, Behind the Wheel notes, and a "Perfect Drive" for the marque or model covered. Engine details, production information, the price when it debuted and the collectible price now - all of it adds up to at-a-glance fun reading to go with informative essays on each car, archival and full-color photos, and more.

Fred Scott:

As a university student exactly feel bored for you to reading. If their teacher asked them to go to the library or make summary for some book, they are complained. Just very little students that has reading's heart or real their pastime. They just do what the professor want, like asked to go to the library. They go to generally there but nothing reading very seriously. Any students feel that reading is not important, boring in addition to can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this 365 Cars You Must Drive can make you truly feel more interested to read.
