CompTIA Network+ eTestPrep Authorized Courseware: Exam N10-005 Todd Lammle

Test prep software featuring more than 700 sample questions and answers for the CompTIA Network+ Certification Exam, including an integrated e-book for in-depth learning.

This custom test engine product is packed with more than 700 practice exam questions, each containing a link to an integrated e-book version of Sybex's *CompTIA Network+ Study Guide*, which prepares you not only for the certification exam, but for the real world as well.

In addition, the cutting-edge features of this unique testing product allows you to create custom practice tests, including testing on specific exam objectives and topic areas. Users are given the choice to take the exam questions in one of two modes: **Practice** (similar to actual live exam in that user does not see correct answers and explanation until test is completed) or **Learning** (allows user to check answers as they progress through the exam, and can get hints and relevant information from the Sybex Study Guide).

- Encourages you to take your preparation to new heights by offering you custom exams that support all question types
- Includes practice questions in the five main areas: network technologies, network installation and configuration, network media and topologies, network management, and network security
- Features test questions prepared by networking guru and bestselling author and networking guru Todd Lammle
- Provides a full three-year software license that is valid upon activation

The CompTIA Network+ certification (N10-005) provides you with a great starting point for a career as an IT Administrator, and this unique product will give you the preparation you need to approach the exam with confidence.
