Oxford Handbook of General Practice 4e & Oxford Handbook of Reproductive Medicine and Family Planning 2e PACK (Oxford Medical Handbooks) Chantal Simon, Hazel Everitt, Francoise van Dorp, Matthew Burke, Enda McVeigh, John Guillebaud, Roy Homburg

Two titles from the bestselling Oxford Handbook series are available together in this great value pack.

Fully revised to reflect the new changes to the GP contract and the GP curriculum, this fourth edition of the best-selling *Oxford Handbook of General Practice* is a practical guide to all aspects of general practice; from vital clinical information, to valuable practical guidance from experienced GPs. This is the essential guide for all those working in general practice.

Comprehensively covering everything a doctor needs to work in, or manage a GP practice, this handbook ensures readers are always up-to-date with the latest guidelines, the most recent protocols, and cutting-edge clinical information. With concise, bullet-point information the chapters are now colour-coded to ensure the reader can find vital emergency or clinical information without delay. Fully illustrated, and packed with even more figures, diagrams, management boxes, and tables to improve ease-of-reference, the reader will always have the vital information they need at their fingertips.

The *Oxford Handbook of Reproductive Medicine and Family Planning*, second edition provides essential practical information in the care of the adolescent and reproductive age females and males. Evidence-based and concise, this handbook is the must-have resource for all practitioners, trainees, and students in sexual and reproductive healthcare.

Fully updated for the second edition, this handbook now contains additional practical guidance, algorithms and diagrams, a new chapter on recurrent miscarriage, as well as expanded information on topics such as fragile X syndrome, PCOs and hirsutism. It follows chronological age up to the menopause, covering areas such as the reproductive system, puberty, the menstrual cycle, contraceptive methods, and infertility. This is the essential guide to all aspects of reproductive medicine, family planning and sexual health, providing all the vital information the reader needs.

Jessica Harris:

As a university student exactly feel bored for you to reading. If their teacher expected them to go to the

library in order to make summary for some publication, they are complained. Just little students that has reading's spirit or real their interest. They just do what the instructor want, like asked to go to the library. They go to right now there but nothing reading really. Any students feel that reading through is not important, boring and can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore , this Oxford Handbook of General Practice 4e & Oxford Handbook of Reproductive Medicine and Family Planning 2e PACK (Oxford Medical Handbooks) can make you really feel more interested to read.
