Iconic and Love are back things have been going well between the two and they were enjoying the family life even though they both had to deal with the fact that the DNA results came back full force and according to it Conic was 99.9% the father of Veronica's daughter and Love was ready for the drama that Veronica was sure to bring.

Even though Love was finally free of Faith and Pam's drama she had unknown drama coming around the corner when her number one enemy and her past link up. She is faced with one bad situation after another and it becomes too over whelming for her that it began to take an effect on her and Conic's relationship. Mean while Ti-Ti and Sir's long distance relationship take a turn for the worst when his true colors of jealousy began to show; he thought she was cheating and his old anger began to rise. Mama Toni and her new job had put Ti-Ti in an uncomfortable space when her daddy Ice was released from prison early and Mama Toni was still hanging in the 'D' with the doctor.

Faith was still on her ho plan and when she thought she found love it was just the one she may not want after all; She and Pam are not longer Thing 1and Thing 2 because Faith's new man didn't want her out his sight and she was trying to keep this sponsor, but he came with a cost that she wasn't ready for.

Veronica was out for revenge once she seen the condition of her daughter; she also knew that from the looks of the little girl she had to make quick decisions if she wanted any chance in Conic's life and like they say the DNA don't lie. She was determined to eliminate all that had done her wrong and Love and Faith were at the top of the list. She also had the dilemma of facing Spider and Monkey because one look at Niq there was sure to be some drama.

Although Mama Kash would rather keep the image that she created for herself years ago, she was no longer able to once she was faced with a situation that brought harm toward her family the old Kash came back and the world was reintroduced to a beast.

With every negative thing coming for Conic and Love they both knew that being without one another was not an option and that fighting together is stronger than fighting against one another. After the smoke clears, no pun intended Love and Conic work toward building their family starting with their up and coming wedding and the both of them couldn't be happier, but is the universe done with the chaos it delivers their way; I guess like a wise man once said 'We shall see'.....
