The Last Boer War by H. Rider Haggard. A Concise History of the Boer War. The Last Boer War is a 1899 non-fiction book by H Rider Haggard about the Boer War of 1881. It was originally written in 1882 but not published until years later. It has been suggested that at this juncture some students of South African history might be glad to read an account of the Boer Rebellion of 1881, its causes and results. Accordingly, in the following pages are reprinted portions of a book which I wrote so long ago as 1882. It may be objected that such matter must be stale, but I venture to urge, on the contrary, that to this very fact it owes whatever value it may possess. This history was written at the time by one who took an active part in the sad and stirring events which it records, immediately after the issue of those events had driven him home to England. Of the original handful of individuals who were concerned in the annexation of the Transvaal by Sir Theophilus Shepstone in 1877, of whom I was one, not many now survive. When they have gone, any further accurate report made from an intimate personal knowledge of the incidents attendant on that act will be an impossibility; indeed it is already impossible, since after the lapse of twenty years men can scarcely trust to their memories for the details of intricate political occurrences, even should they be prompted to attempt their record. It is for this reason, when the melancholy results which its pages foretell have overtaken us, that I venture to lay them again before the public, so that any who are interested in the matter may read and find in the tale of 1881 the true causes of the war of 1899.
