Rayed arrived at Way Station 439A, expecting to do a routine inspection. She'd do her review and be onto the next stop. Nothing complicated. Until she meets Sexy Trouble - named Jaxton.

Jaxton is a relic hunter and a man on the run. From some pirates who really know how to hold a grudge.

It looks like Skank, Rayed's sidekick, is going to have to save them both.

All in a day's work for a genetically modified cat.

This is a steamy and light-hearted science fiction romance. A short story of approximately 8,000 words.
