CSS Pocket Reference: Visual Presentation for the Web (Pocket Reference (O'Reilly)) Eric A. Meyer

They say that good things come in small packages, and it's certainly true for this edition of *CSS Pocket Reference*. Completely revised and updated to reflect the latest Cascading Style Sheet specifications in CSS 2.1, this indispensable little book covers the most essential information that web designers and developers need to implement CSS effectively across all browsers.

Inside, you'll find:

• A short introduction to the key concepts of CSS

• A complete alphabetical reference to all CSS 2.1 selectors and properties

• A chart displaying detailed information about CSS support for every style element and its cross-browser compatibility

This reference neatly condenses the details of its top-selling companion volume, *Cascading Style Sheets: The Definitive Guide* into one easy-to-use cheat-sheet that delivers all the CSS details you need to complete the task at hand. Whenever you're stuck and need an answer quickly -- or if you just want to be sure you're applying CSS correctly -- this edition of the *CSS Pocket Reference* is the book you'll want by your keyboard or, conveniently, in your back pocket.

From reader reviews:

Celina Ziolkowski:

Book is definitely written, printed, or highlighted for everything. You can realize everything you want by a reserve. Book has a different type. As we know that book is important factor to bring us around the world. Next to that you can your reading skill was fluently. A reserve CSS Pocket Reference: Visual Presentation for the Web (Pocket Reference (O'Reilly)) will make you to possibly be smarter. You can feel far more confidence if you can know about everything. But some of you think that open or reading a book make you bored. It is far from make you fun. Why they might be thought like that? Have you searching for best book or suited book with you?

David McClure:

Why? Because this CSS Pocket Reference: Visual Presentation for the Web (Pocket Reference (O'Reilly)) is an unordinary book that the inside of the book waiting for you to snap it but latter it will shock you with the secret it inside. Reading this book close to it was fantastic author who have write the book in such amazing way makes the content on the inside easier to understand, entertaining approach but still convey the meaning completely. So , it is good for you for not hesitating having this any longer or you going to regret it. This excellent book will give you a lot of advantages than the other book have got such as help improving your ability and your critical thinking approach. So , still want to hold up having that book? If I were being you I will go to the e-book store hurriedly.

Doris Trumbull:

That guide can make you to feel relax. This specific book CSS Pocket Reference: Visual Presentation for the Web (Pocket Reference (O'Reilly)) was bright colored and of course has pictures on there. As we know that book CSS Pocket Reference: Visual Presentation for the Web (Pocket Reference (O'Reilly)) has many kinds or type. Start from kids until teens. For example Naruto or Investigation company Conan you can read and believe you are the character on there. Therefore not at all of book are make you bored, any it makes you feel happy, fun and chill out. Try to choose the best book for yourself and try to like reading that.

Ron Matthies:

What is your hobby? Have you heard this question when you got pupils? We believe that that problem was given by teacher on their students. Many kinds of hobby, Everyone has different hobby. And you also know that little person including reading or as studying become their hobby. You need to understand that reading is very important along with book as to be the matter. Book is important thing to incorporate you knowledge, except your current teacher or lecturer. You find good news or update with regards to something by book. Different categories of books that can you take to be your object. One of them are these claims CSS Pocket Reference: Visual Presentation for the Web (Pocket Reference (O'Reilly)).
