Review Questions for Human Anatomy: A Program of Study through Regional Self-assessment P.W. Tank

This is a review text of 1,000 questions and answers for medical students studying for Parts 1 and 2 of the National Board Examinations. The questions are presented regionally by subject matter, as in a standard course on gross anatomy, selected to cover a broad spectrum of anatomical structure, function, and concepts, and are in the two examination formats used in gross anatomy courses and for Licensure Examinations. The book includes two separate, fully cumulative practice tests in addition to the regional question-and-answer sections.
