The Fledgling Province: Social and Cultural Life in Colonial Georgia, 1733-1776 (Published for the Omohundro Institute of Early American History and Culture, Williamsburg, Virginia) Harold E. Davis

Through a painstaking gathering and synthesis of the surviving documents of Georgia social history before the Revolution, many of them fragmentary, Davis re-creates much of the texture and quality of life in that southernmost province. In addition to black slavery, religion, and education, he examines such elementary questions as: what kinds of buildings Georgians lived in, how they solved their transportation problems, the nature of criminal law administration, and the range of occupations and vocations.
