Excerpt from The Mormon Delusion: Its History, Doctrines, and the Outlook in Utah

Hitherto there has not been any one book published that gives all the essential facts about Mormonism and the situation in Utah. Several valuable books treat only of certain periods in Mormon history, or of special phases of the problem. Still other volumes are "founded on facts," - as if the facts themselves were not sufficiently startling. A want has been widely felt for a single book which should, in very brief space, cover all the ground and be adapted to every class of readers who are seeking complete and accurate information on this subject. The following pages are an effort to occupy this open field
