Jack Judge and the Origins of the First World War Song: "It's A Long Way To Tipperary." (Third edition) Glenn Clarke

A description of the life of Jack Judge and his role in writing the song "It's a Long Way to Tipperary." The book details the various legends surrounding the origins of the song which is credited to Jack Judge and his friend Harry Williams. First published by Feldmans in 1912 the song is now exactly 100 years old and is widely regarded as THE soldier's song of the First World War. The song has always been regarded as being written by Jack in response to a bet made in Stalybridge just outside Manchester but there has always been some mystery surrounding its origin and most recently descendants of Harry Williams have marginalised Jack's contribution. I am a distant relative of Jack Judge and the book grew out of research into my family history. I have tried to set the record straight but also present both sides of the argument before giving my own opinion. The book is a fascinating glimpse into the world of Music Hall, popular song and the experience of Tommies on the Western Front. Fully updated third edition
