Children are perhaps Walt Disney World's biggest fans. On playgrounds and in classrooms, there's always excited talk about who went to Walt Disney World and what they did each day—or minute. It has become almost a rite of passage to visit America's most popular travel destination, and kids can be wonderful sources of information.

Every area and attraction of Walt Disney World is covered, with kids' honest reactions and impressions included. There is a whole chapter devoted to each of the theme parks: Magic Kingdom, Epcot, Disney's Hollywood Studios, and Disney's Animal Kingdom. Another chapter describes the rest of Walt Disney World, including Blizzard Beach, Typhoon Lagoon, Fort Wilderness, Downtown Disney, and dining spots with kid appeal.

The book is updated annually, and the 2012 edition features new insights and tips from young Birnbaum readers—our esteemed junior Disney Experts. The book contains kid-focused descriptions of what's what at Walt Disney World, including theme parks, water parks, resorts, and sports; tips on how to find healthy meals and sweet treats—not to mention veggie burgers, caramel apples, and pizza. The younger set will also love "Magical Memories"—a scrapbook chapter devoted to preserving Disney memories that includes special pages meant for Disney characters to autograph. Now kids can help plan the family vacation!
