The History of the Decline and Fall of the Roman Empire

Edward Gibbon

The History of the Decline and Fall of the Roman Empire Edward Gibbon

In the greatest work of history in the English language, Edward Gibbon compresses thirteen turbulent centuries into a gripping epic narrative. It is history in the grand eighteenth-century manner, a well-researched drama charged with insight, irony, and incisive character analysis. In elegant prose, Gibbon presents both the broad pattern of events and the significant revealing detail. He delves into religion, politics, sexuality, and social mores with equal authority and aplomb. While subsequent research revealed minor factual errors about the early Empire, Gibbon's bold vision, witty descriptions of a vast cast of characters, and readiness to display his own beliefs and prejudices result in an astonishing work of history and literature, at once powerfully intelligent and enormously entertaining.
